PROFESSIONAL SUMMARY

Passionate and detail-oriented Full Stack Developer with hands-on experience in designing and developing scalable, high-performance, and responsive web applications using Next.js, React.js, Node.js, Express.js, and MongoDB. Strong expertise in modern frontend technologies, including HTML, CSS, JavaScript, Redux Toolkit, Tailwind CSS, and Bootstrap, with a focus on clean UI, performance, and user experience.

Currently pursuing a Bachelor of Science in Computer Science (BSCS), with a solid academic and practical foundation in software engineering principles, data structures, and full-cycle web application development. Proven ability to translate business and client requirements into functional, user-friendly digital solutions through freelance and project-based work.

Experienced in building fully responsive websites, implementing reusable components, and writing clean, maintainable, and well-documented code. Highly motivated to continuously learn modern technologies, follow best development practices, and contribute to impactful, real-world projects.

WORK EXPERIENCE

MERN Stack | Next.js Developer

Freelancer / Independent Projects — 2025 – Present

Began my web development journey in 2024, gaining hands-on experience in building responsive, scalable, and secure web applications using MERN Stack and Next.js technologies. Passionate about delivering high-performance digital solutions with clean architecture, modern UI/UX, and robust backend logic.

PROJECTS

- Property Listing Platform (Next.js, MongoDB, Tailwind CSS)
- Developed a real estate application featuring property listings, advanced search functionality, image uploads, user authentication, and SEO-optimized dynamic pages.
- Agriculture University Management System (React.js, Tailwind CSS)
- Built a centralized platform for multiple departments (CS, SE, IT, AI, Data Science, Cyber Security) managing notes, course outlines, timetables, examinations, and departmental updates.
- Student Fee Management System (Simulation) (MERN Stack)
- Implemented a role-based student dashboard with secure JWT authentication and dynamic fee tracking.
- Full Stack Blog Application (React.js, Express.js, MongoDB)
- Created a blog platform with user authentication, protected routes, and full CRUD content management.
- E-commerce Website – PakShades.com (React.js, Tailwind CSS)
- Designed a responsive online store with product filtering, cart functionality, and a modern, user-friendly interface.
- Developer Portfolio Website (React.js, Tailwind CSS)
- Developed a personal portfolio showcasing projects, certifications, and technical skills.
- Other Projects (10+)
- Includes Weather App, Currency Converter, Task Manager, Quiz App, demonstrating continuous learning and full-stack development proficiency.

EDUCATION

Bachelor of Science in Computer Science
University of Agriculture, Peshawar,
Pakistan Duration: 2022 – 2026 Current
semester: 8th Current CGPA: 3.37 / 4.00

FSc in Computer Science
The City College, Peshawar, Pakistan
Duration: 2020 – 2022
Marks: 947 / 1100

CERTIFICATIONS

- Advanced Web Development Certificate – NAVTTC (National Vocational and Technical Training Commission)
- Next.js Certificate – Packet – Coursera
- HTML5 Application development certificate – Certipoint
- Meta Front-End Development Capstone – Coursera
- Prompt Engineering Certificate – Vanderbilt University

TECHNICAL SKILLS

FRONTEND DEVELOPMENT:

HTML5, CSS3, JAVASCRIPT (ES6+), REACT.JS, Next.js, BOOTSTRAP, TAILWINDCSS

BACKEND DEVELOPMENT:

NODE.JS, EXPRESS.JS, MONGODB

TOOLS & TECHNOLOGIES:

Git, GitHub, GitHub Actions, CI/CD Pipelines, Docker, RESTful APIs, JSON, Postman, VS Code, Chrome DevTools.

OTHER TECHNICAL SKILLS:

Authentication & Authorization (JWT, Role-Based Access Control), Responsive Web Design, Material UI, Redux Toolkit, Framer Motion (Advanced Animations), API Security (Helmet, CORS, Rate Limiting), MongoDB & Mongoose Aggregation, File Uploading (Multer, Cloudinary), Payment Integration, Prompt Engineering.
